PROFILE

Enthusiastic Computer Science graduate with a strong foundation in software development, Python programming, web development, and data structures & algorithms. Passionate about building scalable applications and eager to contribute to innovative software development teams.

PROFESSIONAL EXPERIENCE

Internship, Solaris Infotech Sol Pvt. Ltd. 07/2025 – 09/2025
Delhi, India

- Assisted in developing responsive web applications using JavaScript, contributing to the implementation of **8+ user interface components**.
- Collaborated with a cross-functional team of **5 developers** to deliver **10+ feature enhancements** while maintaining coding standards and project deadlines.
- Resolved **25+ UI and functionality issues**, participated in design meetings, and contributed to code maintenance, improving application stability and performance.

EDUCATION

B.Tech, I.T.S Engineering college 2023 – 2026
Computer Science & Engineering, CGPA - 6.3 Greater Noida, India

Diploma in Computer Science, Govt. Polytechnic college 2020 – 2023
Percentage - 70% Bijnor, India

10th, Walia Global Academy 2019 – 2020
Percentage - 75% Najibabad, India

PROJECTS

Spotify Clone, (Html, css, JavaScript)

- Built a responsive web application mimicking the Spotify interface using HTML, CSS, and JavaScript.
- Implemented features such as a music player, playlist management, and dynamic song loading, enhancing user experience and interactivity.
- Utilized JavaScript for DOM manipulation and event handling, ensuring seamless functionality across various devices.

"Turn the Page" Website project

- Designed a hybrid platform that combines a physical book marketplace with an e-library.
- Promoted eco-friendly initiatives by reducing physical book waste by an estimated 30%.
- Enhanced front-end features and implemented back-end functionality to improve overall application performance.

CERTIFICATES

IFCT - Training in Python Language

SKILLS

Languages: Python, C, HTML, CSS, JavaScript, MySQL, Bootstrap

Frameworks/Tools: Django, Fast API, MySQL Workbench, Git, GitHub, VS Code, MS Office

Concepts: Data Structures & Algorithms, OOPs, REST APIs

Strength: Interpersonal Communication, Team Work, Critical Thinking, Problem Solving, Adaptability
